EDUCATION

Nanjing University of Posts and Telecommunications Sep. 2022–Jul. 2025
M.Sc. in Engineering, Communication & Information System Nanjing, China

Nantong University Sep. 2018–Jun. 2022
B.Eng. in Electronics & Information Engineering Nantong, China

WORKING EXPERIENCE

Ericsson (China) Communications Co. Ltd. Sep. 2025 – Present
Network Engineer Nanjing, China

- **Routine System Maintenance:** Monitored daily software logs and basic operational status for general IT equipment.
- **Data Logging & Reporting:** Collected routine system errors and uploaded daily log files to the internal database for record-keeping.

ACADEMIC RESEARCH EXPERIENCE

Optimization of Access Protocols for Data Transmission Aug. 2023–Jul. 2024

- Formulated mathematical equations to calculate data collision probabilities in network scenarios.
- Applied classical optimization algorithms to explore a balance between data transmission rates and network delay.

Performance Evaluation of Multi-Node Networks Jan. 2023–Jul. 2023

- Investigated the fundamental capacity limitations of user data requests in multi-node networks.
- Evaluated data transmission mechanisms using mathematical simulation tools to calculate routine network delay.

PUBLICATIONS
